**CLINTON SAVINGS BANK BEGINS RENOVATIONS TO BETTER SERVE THEIR CUSTOMERS
AND THE COMMUNITY**

CLINTON, Mass., (SEPTEMBER 24, 2018) — Clinton Savings Bank (clintonsavings.com), a full service community bank, announced it has begun a full interior renovation of its existing Sterling Branch located at One Main Street.

The remodel is part of the Bank's ongoing Relationship Banker Model Transformation Project that began with the Bolton Branch in 2016. Working with the renowned bank design firm, NES Group Inc., based in Massachusetts, and Clinton based construction company D.M. Crossman & Son, Inc., the modernization of the Sterling branch will align the personal customer service experience with technological convenience to increase convenience, efficiency, and deepen customer relationships.

CSB has served the Sterling community for 39 years since it opened its doors to its residents in May of 1979. At that time the Bank had a small location down the road from their current branch on Main Street. In 1995, CSB expanded to serve their growing customer base by purchasing the building located at its present location.

"We are proud to work with talented firms such as NES and Crossman for the renovation of our Sterling Branch," said Robert J. Paulhus Jr., President & CEO of Clinton Savings Bank. "Our customers, who rely on banking with us in Sterling, can look forward to an upgraded banking experience along with the same friendly staff they have come to know."
